QUICKSLIDE TECHNOLOGY

VPG VX2 PRO CARBON

FEATURES

- Composite core technology has superior performance and durability
- Firm front surface with rebound positive inner pad core
- Integrated knee landing pad attached to inner core for immediate pad response
- Extended back leg coverage over calf area
- Lower profile outside roll with single break
- Lower profile knee rolls
- Narrower top outer panel for faster pad rotation
- Preformed shape for quick responsive play and easy break-in
- Adjustable wide knee strap with selectable attach location
- Wide knee cradle for quick pad rotation and control
- V-sling quick adjustable leg strapping system and rapid pad rotation
- Easy flex lower scoop design with increased flex angle
- Full Pro-spec domestic construction
- Internal foam core with full carbon surface reinforcement
- Pad shape maximizes full width top to bottom full 11" width
- Tapered top outside roll for improved pad overlap
- Quick slide + inner edge for superior pad slide while on ice surface
- Outer knee cradle pad is adjustable or removable
- Reinforced instep with flat profile to facilitate skate movement during pad rotation
- Fully custom domestic made with many options
- Sizes: 31+2", 32+2", 33+2", 34+2", 35+2", 36+2", 37+1" and custom sizes
- Available in Pro Prospect model in special sizing: 31+1", 30+1"

T VX2 PRO CARBON CATCH GLOVE

FEATURES

- New wider more open glove shape for maximum net coverage
- Wider and deeper T-web design for puck retention
- New solid thumb for increased protection and to retain glove shape
- Shock Shield palm and thumb base padding reduces hand stingers
- Molded palm with double layer perimeter reinforcement
- Deeper back thumb profile for added hand comfort
- HD foam in back pad over fingers and fingertip deflecting pad
- Back hand pad with 3d flex seams
- Skate lace pocket for increased puck retention
- Full Pro-spec domestic construction
- Individually hand crafted and laced for ultimate feel and performance
- Reinforced T-top for greater web stability
- Inner hand strap for retention and control
- Cuff with no binding maximizes blocking surface
- 45" perimeter size
- 50º angle palm break with easy flex design
- Optional 70º aggressive hand angle break
- Mesh finger stalls for comfort and heat dispersal
- Added padding in wrist strap for increased comfort
- Heat moldable for precise fit
- Defined break points for easy closing and quick break-in
- Velcro® adjustable thumb loop to easily customize fit
- Available in Pro prospect size optimized for a smaller hand

CARBON ENHANCED PERFORMANCE

B VX2 PRO CARBON BLOCKER

FEATURES

- Carbon reinforced front board for added stiffness and hot puck action
- Deep board top bend for puck deflection
- Molded inner core foam board with 17MM thick HD foam for added rigidity
- Back hand padding angled for superior board positioning
- Palm with index and small finger trigger design provides increased comfort and grip
- Mesh palm gussets for ventilation
- Balanced hand position for incredible feel and control
- Finger protectors with HD foam protection and Carbon reinforcement
- Side index finger has double layered protection
- Large solid side shield with HD foams with carbon reinforcement
- Palm design for dexterity and stick control
- Individually hand crafted and laced for ultimate feel and performance
- Molded thumb insert for added side protection
- Tapered bottom edge for tighter seal when down to the ice surface
- Pro-spec domestic construction
- Floating cuff design increases wrist movement
- Adjustable wrist strap for precision fit
- Available in Pro prospect size optimized for a smaller hand

P VX2 PRO CARBON GOAL PANT

FEATURES

- Tapered fit waist section for secure fit
- Taller front waist section with HD inserts
- Core flex side seam increases upper waist flexibility
- Wide stretch panels in inner thigh and crotch for full flexibility
- Increased volume in front area to increase flex and allow for chest pad fit
- Front area with expanded volume for larger cup fit
- Leg length optimized for interaction with leg pads.
- New butterfly cut to bottom thigh guard
- Large double layered segmented front flex padding
- Full Pro-spec domestic construction
- Padded belt for greater protection and adjustment
- Carbon inserts in tail bone and front groin pad sections
- Flared waist section for increased torso movement
- Cut-guard protection on back of legs
- Full 1-piece wraparound molded thigh guards
- Thigh cradle technology provides thigh stability
- Inner thigh padding extended to increase protection
- Sport-mesh lining for quick drying, comfort and ventilation
- Molded hip guards for increased protection
- Available in sizes: S (36-38),
- M (40-42), L (44-46),
- XL (48-50), XXL (52-54)

Note: add 8-10 inches to actual waist size then match to appropriate pant size.

VP VX2 PRO CARBON ARM AND CHEST PAD

FEATURES

- All new design for 2027 with increased protection
- High density foams and carbon fiber reinforced areas provides light weight and stability under hard impacts
- Chest design expands coverage area and wraps more around sides
- Three-layer chest pad provides incredible protection over sternum
- Adjustable neck guard with sternum reinforcement for precision fit
- Large back pad with HD foam over spine area
- Shoulder floaters with wide upper body coverage and firm HD foam and carbon reinforcement
- Two-layer articulating shoulder flaps with High density foam protection
- Shoulder padding extends over back shoulder blade for extended coverage
- Wide shoulder profile increases blocking surface
- Designed for light weight and comfort with extreme adjustability
- Molded forearm cap tapers to wrist for fit and comfort
- Extended forearm protection along back for greater coverage
- Lower chest pad flap integrates into pants for overlapping protection
- Full Pro-spec domestic construction hand crafted for superior performance
- Arm floaters with deeper side profile adds to coverage area
- Arm and shoulder floaters with nylon covering for reduced friction with Jersey for quicker less restrictive movement
- Outer bicep extension pad expands coverage and increases protection area
- Deep inside arm profile adds more protection coverage
- Arm floaters with middle bar pad in center seam
- Arm floaters with HD and Carbon inserts for added protection and stability
- Molded dual density elbow caps with extended back arm coverage
- Suspender retention straps on shoulder floaters
- Available in sizes: XS, S, M, L, XL and custom sizing

ION PRO SELECT

QUICKSLIDE TECHNOLOGY

Quick-Slide Technology features an advanced, low-friction material designed to deliver faster, smoother movement across the ice, giving goaltenders superior mobility and control.

- Superior Glide: Reduces friction for faster movement.
- Enhanced Mobility: Quick, smooth lateral transitions.
- Effortless Movement: Less resistance, greater efficiency.
- Precision Control: Improved positioning and responsiveness.

VPG ION PRO SELECT LEG PAD

FEATURES

- Full Pro Spec domestic construction provides optimal performance
- Carbon core technology for a higher level of performance
- Enhanced stiffness in upper pad core
- Composite front surface on inner core for extra active rebounds
- Solid outside roll with no break at knee
- Easy flex lower scoop section of pad and inner core
- Beveled outside roll with low profile
- Quick-slide inner edge material reduces friction on ice for quick movement
- Flat smooth inner edge provides for faster on ice motion
- Inside edge designed for superior pad stability on ice
- Rebound positive design and construction for more active rebounds
- Inner knee block ties into pad internal pad core for added pad control
- Open knee cradle for quicker pad rotation
- Wide leg cradle gives leg support in butterfly
- Inner leg support cushion helps distribute body weight evenly on inside edge of pad
- Wide outer calf leg coverage and protection
- Pre-shaped design for a precision fit and pad control
- Scoop area with larger angle for better post interaction and push off
- Smooth flat instep area for increased pad rotation
- Thin top pad profile reduces bulk and allows for quick pad rotation
- Available in sizes: 31+2", 32+2", 33+2", 34+2", 35+2", 36+2", 37+1" and custom sizing is available.

VP ION PRO SELECT ARM AND CHEST PAD

FEATURES

- Molded HD shoulder caps and shoulder cap extensions for added wider upper body coverage
- Sternum pad with HD foams and composite reinforced to reduce impacts
- Wide shoulder floater with top wrap around coverage
- Molded plastic arm caps with extended wrap around design
- Extended back arm padding at forearm and bicep
- Back shoulder padding with molded caps
- Wide shoulder floaters shaped to maximize net coverage and protection
- Dual back strap system for greater adjustability
- Chest pad style allows it to be worn inside or outside of pants
- Chest pad design stays higher on shoulders for increased blocking surface
- Large main arm floaters are sewn down to arms for added stability
- Main arm floaters have cushion padding to increase protection and stability
- Forearm tapers at wrist to taper into gloves for improved fit
- Suspender retention strap on shoulder floaters
- Large side chest cushion padding for added protection and coverage
- Molded ergonomic fit elbow padding with HD inserts
- Nylon quilted arm base for comfort and stability of padding
- Back spine pad with HD foam protection
- Adjustable wrist straps
- Side bicep extension for added side arm coverage
- Full Pro Spec construction for actual professional grade protection and performance
- Increased padding in bicep for greater impact resistance
- Available in sizes: XS, S, M, L, XL and custom

P VX2 INTERMEDIATE GOAL PANT

FEATURES

- Tapered style waist section for secure fit
- Taller front waist section with HD inserts
- Core flex side seam increases upper waist flexibility
- Wide stretch panels in inner thigh and crotch for full flexibility
- Increased volume in front area to increase flex and allow for chest pad fit
- Front area with expanded volume for larger cup fit
- Leg length optimized for interaction with leg pads.
- New butterfly cut to bottom thigh guard
- Large double layered segmented front flex padding
- Padded belt for greater protection and adjustment
- Flared waist section for increased torso movement
- Full 1 piece wraparound molded thigh guards
- Inner thigh padding extended to increase protection
- Sport-mesh lining for quick drying, comfort and ventilation
- Molded hip guards for increased protection
- Available in Black, Navy, Red
- Available in sizes: M (24-26), L (26-28), XL (28-30), XXL (30-32). Actual waist size

VPG ION INTERMEDIATE LEG PAD

FEATURES

- Enhanced stiffness in upper pad core
- High Density front surface on inner core for extra active rebounds
- Solid outside roll with no break at knee
- Easy flex lower scoop section of pad and inner core
- Beveled outside roll with low profile
- Quick-slide inner edge material reduces friction on ice for quick movement
- Flat smooth inner edge provides for faster on ice motion
- Inside edge designed for superior pad stability on ice
- Rebound positive design and construction for active rebounds
- Inner knee block ties into pad internal pad core for added pad control
- Open knee cradle for quicker pad rotation
- Wide leg cradle gives leg support in butterfly
- Inner leg support cushion helps distribute body weight evenly on inside edge of pad
- Wide outer calf leg coverage and protection
- Pre-shaped design for a precision fit and pad control
- Scoop area with larger angle for better post interaction and push off
- Smooth flat instep area for increased pad rotation
- Thin top pad profile reduces bulk and allows for quick pad rotation
- Available in sizes: 29+2" 30+2" 31+2"

QUICKSLIDE TECHNOLOGY

Quick-slide Technology is a low friction material that provides the ultimate and quickest on-ice movement.

- Available in sizes: S, M, L, XL, XXL

HOW TO MEASURE COMPRESSION SIZES

Ultra-tight skin fit, that keeps you locked in and mobile

ADULT TOPS

CHEST: Place the tape measure under your arms at the fullest part of your chest, wraparound your body until the tape measure meets.

CHEST FITTING GUIDE

SIZE	CHEST (Inches)	CHEST (CM)
S	34"- 36"	86"- 92"
M	38"- 40"	96"- 102"
L	42"- 44"	106"- 112"
XL	46"- 48"	116"- 122"
XXL	50"- 52"	127"- 132"

ADULT BOTTOMS

WAIST: Measure around your natural waistline right above your hips until the tape measure meets.

WAIST FITTING GUIDE

SIZE	WAIST (Inches)	WAIST (CM)
S	28"- 29"	72"- 76"
M	30"- 32"	80"- 85"
L	34"- 36"	89"- 94"
XL	38"- 40"	99"- 104"
XXL	42"- 44"	109"- 116"
